REVIEW OF THE WILMINGTON MARKET. FOR THE WEEK ENDING JULY 30th, 1857.

TURPENTINE-The receipts since last review have been onsiderably smaller than was anticipated, in consequence of which the market has ruled steady at former rates - \$3 75 for virgin, \$3 05 for yellow dip, and \$1 55 for hard, per bbl. This is a purely vegetable compound, prepared on strictly of 280 lbs. The sales for the week reach only 2,807 bbls.,

Wednesday ... 1,000 " " 1 30 " " In No. I we note a decline on former rates, and best pale will not bring over \$6. The sales for the week comprise some 2,000 bbis at prices ranging from \$3 to \$6 per bbl., as by A. H. Van Bokkelen in quality. Small sales of No. 2 at \$1 50 to \$1 70 per bbl. TAR-None received since last review, and we are couse-

BEEF CATTLE AND SHEEP .- Only a few small parcels of will keep a constant supply of everything that is kept in a beeves have been brought in for a week past, and the quangeneral Retail and Grocery Store; which they will sell at a tity on market is very light. We note a moderate demand small advance for cash, and hope by prompt attention to business, to merit a fair share of public patronage.

1. T. ALDERMAN,

T. ALDERMAN, an extra article would probably sell a shade higher. SHEFF Flanner, with naval stores, &c. continues to be brought in sparingly, and we note very tew on market. Sell at \$1 50 to \$2 50 per head, according to H. VanBokkelen. Corron. - In this article we have nothing new to note. - C Worth; with naval stores.

None received, and no transactions since our last. We quote nominally at 14 a 15 cents per lb. CORN MEAL.—The stock on market is light, and we note a fair demand. We advance rates 5 cents, and quote sales from the granaries at \$1 25 per bushel, in lots as wanted. EMPTY BARRELS. - No change to notice in Spirits Turpentine barrels. The market is fairly supplied, and the demand during the past week has been limited. We quote small transactions in second hand ones at \$1 80 a \$1 9) each, as

FLOUR -The receipts of State brands during the past three or four weeks have been meagre, and in consequence the supply on market has become very light—there being only a few small parcels in dealers hands. We notice merely a limited LISHMENT. demand at present high figures, and sales have been confined to small lots from store. See table for prices of all grades A small lot of new was brought in a day or two since, and retailing at \$9 per bbl. for family.

GRAIN.—In CORN there has been nothing done in the absence of receipts, and the stock in dealers hands has become

very I ght. We note an active demand as existing, and for some lots now daily expected, we learn that a material advance on former rates has been offered, but not sold. We quote cargo price at \$1 05 a \$1 10, at which parcels would find ready purchasers. Store rates have advanced, and we now quote at \$1 15a \$1 20 per bushel, as in quantity and quality ----- OATS -We have nothing to report. None received, and the supply in store is fully sufficient for present purposes --- PEAS - None arriving, and in demand; would readily bring quotations. See table. - RICE - Clean is in moderate stock, and demand light. Sales from store in the small way at 41 a 5 cents per lb., according to quality. - W HEAT - Has declined o cents since our last, and rethe shortest notice, Iron and Brass Castings, finished or un- ccipts light. Culy about 666 bushels brought in, and changfinished—to make and put up new Machinery, to repair and overhaulfold Machinery, all of which will be done upon reasonable terms and in a style of workmanship which he feels at which there seems to be a moderate demand. We learn that there is a considerable quantity now looked for.

HAY-None arrived, and no sales to report-stock in and architectural, and supply drafts for machinery and mill- dealers' hands fully tair, and demand limited. See table

for quotations. LIME-Is in full supply, and dull. Sells from store in the with the latest improvements in tools, etc., he feels confident of being able to give the fullest satisfaction, and redent of being able to give the fullest satisfaction, and respectfully solicits orders in his line. Orders directed to the subscriber or left at L. A. Hart's, Mozart Hall building, quantity. Potatoes-Irish continue to be brought in sparingly, and

have advenced a shade. We quote from carts at \$1 25 per PROVISIONS-For N. C. cured Bacon there has been an active demand during the past week, and prices have gone up a shade. The limited arrivals for some time past has caused

the market to become almost bare, there being none new in first hands. Only about 5,000 lbs. received since our last, and changed hands at 16½ a 17 cents per lb. for hog round. Quotations in table for hams, &c., are merely nominal—Little or no Western make has been received for several weeks past, and with a brisk demand existing, the steek has been nearly or quite all worked off. We advance our agures, and quote from store at 12 a 18 cents for shoulders, and large quantity is expected, which will have a tendency te reduce prices.

LARD-Market poorly supplied, and we note a fair demand. Only one small lot of N. C. make received, and sold at 18 cents per lb. We quote Western from store at 15 a 16 cents per lb., as in quality. PORK-In the absence of receipts the supply of Northern on market has become materially reduced, and we note only small sales from store at quotations, as in quality See table. SALT—The stock of Liverpool ground is rather light, and we note a better seeling in the market. One lot of \$50 maks

received coastwise a few days since, and sold at 924 center per sack, cash. Sale also of 500 sacks, to arrive, at 974 cents, cash. We quote from store at \$1 10 a \$1 15, as in quantity. The market is well supplied with Alum, and rules dull. A cargo of 4,000 bushels arrived from Turk's Island on Monday, and changed hands on terms not made public ;- selling from vessel at 25 a 30 cents per bushel, in lots as wanted. SHINGLES-No demand. Several parcels brought in, but not sold. Quotations in table are nominal.

TIMBER -There has been very little brought in for several weeks past, and we note some enquiry for short for mill purposes ; no shippers in market. See table for classified figures, at which a few rafts have sold. FREIGHTS-Very few vessels have arrived here for the past three weeks, and none now in port but what have been taken up. We learn that 40 cents on rosin, and 60 cents on spirits turpentine has been obtained to New York, but ewing to the absence of vessels these figures can hardly be considered a fair criterion of the market; we therefore continue former

rates, but would remark that they are merely nominal. NEW YORK, July 28 .- Cotton is buoyant, sales of 2860 bales at an advance of je Orleans Middling at 15; cents and do. Uplands at 154 cents.
